(For reporting requests described in Part 769 of the Export Administration Regulations)

## NOTICE OF RIGHT TO PROTECT CERTAIN INFORMATION FROM DISCLOSURE

The Export Administration Act permits you to protect from public disclosure information regarding the quantity, description, and value of commodities or technical data supplied in Item 11 of this report and in any accompanying documents. If you do not claim this protection, all of the information in your report and in accompanying documents will be made available for public inspection and copying.

You can obtain this protection by certifying, in Item 10 of the report, that disclosure of the information referred to above would place a United States company or individual involved in the report at a competitive disadvantage. The withholding of this information will be honored by the Department unless the Secretary determines that disclosure of the information would not place a United States company or individual at a competitive disadvantage or that it would be contrary to the national interest to withhold the information.
